

ANKITA DALVI

Data Analyst | Business Analyst | Power BI Developer

Maharashtra, India | +91 8830677102 | ankitasanjay1623@gmail.com | linkedin.com/in/ankydalvi8877 | github.com/ankita-analytics

PROFESSIONAL SUMMARY

Data Analyst with close to two years of experience across staffing/recruiting, IT, and non-IT sectors, specializing in Power BI dashboard development (DAX, data modeling, Power Query), MIS/KPI reporting, and data transformation. Skilled in converting operational data into actionable insights that support process improvement, compliance tracking, and business decision-making. Working knowledge of SQL, Python, Advanced Excel, Minitab, and Spotfire, with a track record of cross-functional collaboration and stakeholder communication. Seeking Data Analyst, Business Analyst, or Business Intelligence Analyst opportunities in India and internationally.

CORE SKILLS

Data Analysis & Reporting: MIS Reporting, KPI Tracking, Trend Analysis, Statistical Analysis, Gap Analysis, Dashboard Design

Business Intelligence Tools: Power BI (DAX, Data Modeling, Relationship Design, Power Query/M), Spotfire, Tableau, Minitab

Databases & Query Languages: SQL (Querying, Joins, Performance Optimization)

Programming: Python

Advanced Excel: VLOOKUP, XLOOKUP, Pivot Tables, Data Validation, Automated Reporting Workflows

Process & Quality: Process Improvement, Process Excellence, Quality Analysis, Compliance Tracking, Agile Methodology

Other: MS PowerPoint (Presentation Design), Stakeholder Management, Cross-Functional Collaboration, Problem Solving, Analytical Thinking

PROFESSIONAL EXPERIENCE

Process Analyst

July 2024 – Present

Jade Global

- Collect, clean, and transform data from Excel and internal systems using Power Query and ETL processes to support accurate business reporting.
- Design and maintain interactive Power BI dashboards and KPI reports used for business performance and compliance tracking.
- Build DAX measures and calculated fields (cost aggregations, satisfaction averages, year-over-year trend calculations) and design table relationships to support multi-dimensional reporting across departments, insurance types, and time periods.
- Conduct trend and statistical analysis using Minitab and Excel to identify process gaps and recommend improvement opportunities.
- Validate BI dashboards and underlying datasets to maintain data accuracy and reporting consistency across teams.
- Perform gap analysis and ongoing performance monitoring to strengthen operational efficiency and compliance adherence.
- Automate MIS reporting workflows using advanced Excel functions and Microsoft Office tools, reducing manual reporting effort.
- Partner with cross-functional teams and project managers, supporting analytical reporting and project tracking.

Associate Data Analyst

November 2022 – July 2023

Talentbridge, USA (Remote)

- Developed and maintained Power BI dashboards for weekly and ad-hoc reporting on operational and recruitment metrics.
- Structured relational data models linking operational and recruitment tables, and authored DAX calculations to support dashboard reporting.
- Extracted data from JobDiva and Excel sources and performed ETL, cleaning, and transformation using Power Query for downstream reporting.
- Maintained Power BI and Spotfire dashboards by refreshing datasets and validating outputs to ensure accuracy.
- Partnered with stakeholders to gather reporting requirements and align dashboard design with business needs.
- Applied advanced Excel techniques for data cleaning, validation, and analysis to support recruitment reporting.

EDUCATION

MBA — Business Analytics and International Business

2021 – 2023

Suryadatta Institute of Management and Mass Communication | SGPA: 7.53/10

Bachelor of Computer Applications (BCA)

2018 – 2021

G. H. Rasoni Institute Business Management | SGPA: 9.43/10

CERTIFICATIONS

- Introduction to Data Analytics Using Microsoft Power BI — ALISON
- SQL Masterclass for Data Analytics — Udemy
- Advanced Excel Course — Udemy
- Korean TOPIK1 Level 1 — The Language Network

TOOLS & ADDITIONAL INFORMATION

Tools & Technologies: Power BI, DAX, Power Query, SQL, Advanced Excel, Minitab, Spotfire, MS PowerPoint, MS Office, Python, JobDiva

Languages: English (Fluent), Korean (TOPIK Level 1)

Availability: Open to relocation and remote opportunities — India and international
